

Veterans Healthcare Supply Solutions

CAPABILITY STATEMENT

Established in 2010, VHSS is a Veteran driven distribution company with a diversified portfolio of products that is strategically positioned to meet the United States Federal Government's procurement needs in support of our nations heroes. VHSS partners with leading manufacturers to ensure the highest quality standards and provide cost effective solutions for our valued customers.

Headquartered in Jacksonville, FL, VHSS features a Class "A" distribution center in a premier and highly accessible location with the ability to ship product the same day.

Charitable Contributions and Volunteering

We care deeply about veterans and their families. It's in our name! Over two thirds of our employees are either veterans or have close family who served. At VHSS we strive to focus on local veterans, but are proud to support those organizations that have a national-level reach and align with our veteran's first focus. We also provide quarterly volunteer opportunities for VHSS sponsored events.

VHSS Proudly Supports The Following Organizations
